

PUBLIC NOTICE

Employment Scam

It has come to the attention of the KPA Management that some unscrupulous persons are inviting job seekers for interviews at the Port of Mombasa. This is through social media and other online platforms.

We wish to clarify that KPA has a clear recruitment policy which includes publishing of vacancies in mainstream newspapers and on the KPA website, www.kpa.co.ke. Thereafter, formal communication on interviews for shortlisted applicants is undertaken. Further, the Authority does not give salary projections as part of vacancy announcements as indicated in the fake adverts.

Members of the public are therefore advised to ignore the messages going on social media and other online platforms purporting that KPA is currently undertaking massive recruitment for Cleaners, Guards, Engineers, Receptionists, Mechanics, Accountants, Drivers, Secretaries and Stewards. This is a hoax.

For any clarification on the above subject, please contact us on:
